BUKHARA STATE  
MEDICAL INSTITUTE  
NAMED AFTER  
ABU ALI IBN SINO

# About the Institute

Bukhara State Medical Institute was founded in October 1990. In March 1991, by the decision of the Presidium of the Bukhara Regional Council of People's Deputies, it was named "Abu Ali ibn Sino". The Faculty of Medicine was founded in 1991, the Faculty of Dentistry in 1992, the Department of Highly Qualified Nurses in 1999, the Department of Medical Pedagogy in 2001 and the Department of Pediatrics in 2016. As of 2018, 2 new directions have been created in the field of medical prevention and medical biology. Currently, the institute has 8 faculties, 43 departments, including bachelor's degree in 8 areas, master's degree in 23 specialties and clinical residency in more than 40 specialties and 20 joint programs. In total, more than 9,000 students and residents study at the institute. In total, 680 professors and teachers work at the institute, including 62 doctors of science, 28 professors, 230 candidates of science and associate professors, 100 senior teachers. The Institute currently offers classes in Uzbek, Russian, English and Turkish languages. The Institute trains personnel with higher education in the new edition of the Law "On education" in 8 areas:
